

# EXTRAORDINARY XMAS

**FIGURE**  
design LPWK-Marcello Jori, LPWK-Massimo Giacon

Questa serie di “Figure”, statuine, oggetti senza funzione o come vogliamo chiamarli, rende pubblica una direzione di ricerca sulla quale per la verità abbiamo iniziato a lavorare dagli inizi degli anni '90. L'intento è di confrontarci con l'intrigante mondo delle figurine in porcellana, in particolare con la raffinata tradizione produttiva delle manifatture europee dal settecento in poi, evidentemente a modo nostro e con autori contemporanei.

*“Rappresentativa di un mondo magico, la presenza discreta e simbolica del piccolo soprammobile è intesa come feticcio ispiratore e consolatorio. Con questa collezione di statuine abbiamo dato vita a una serie di piccoli interlocutori fedeli per i rituali narrativi e immaginifici della nostra quotidianità.”*

**Laura Polinoro**

This series of “Figure”, figurines, purposeless objects or whatever you want to call them, are presented here together for the first time. Their study has been going on since the 1990s. The goal is to compare the intriguing world of porcelain figures, particularly the refined production tradition of European manufacturers from the 18th century onwards, with our methods and with contemporary designers.

*“Representing a magical world, the discreet and symbolic presence of the small ornament is seen as an inspiring, reassuring cult object. With this collection of figures, we created a series of faithful little companions to accompany our everyday rituals associated with stories and images.”*

Cette série de “Figure”, figurines, objets sans fonction ou quelque soit le nom que nous voulons leur donner, rend publique une orientation de recherche sur laquelle nous avons, à vrai dire, commencé à travailler dans les années 90. Le but est de nous confronter au monde intrigant des figurines en porcelaine et en particulier de celles issues de la tradition de production raffinée des manufactures européennes à partir du dix-huitième siècle, mais nous l’avons bien évidemment fait à notre façon et avec des auteurs contemporains.

*«Représentative d’un monde magique, la présence discrète et symbolique du petit bibelot est considérée tel un fétiche inspirateur et consolateur. Avec cette collection de statuettes, nous avons donné naissance à une série de petits interlocuteurs fidèles pour les rites narratifs et imaginatifs de notre quotidien.»*

**Laura Polinoro**

Diese Serie „Figure“, kleine Figuren, bei denen es sich um Gegenstände handelt, die, wenn man so möchte, keinen präzisen Verwendungszweck haben, ist das konkrete Ergebnis einer Richtung, an der wir, um die Wahrheit zu sagen, bereits seit Anfang der neunziger Jahre arbeiten. Dahinter steht die Absicht, einem Vergleich mit der faszinierenden Welt der Porzellanfiguren Stand zu halten. Insbesondere mit der eleganten Herstellungstradition europäischer Manufakturen ab dem 18. Jahrhundert, selbstverständlich aber auf unsere Weise und mit unseren zeitgenössischen Designern.

*„Als Vertreter einer magischen Welt ist dieses kleine Zierstück in seiner diskreten, symbolischen Präsenz als inspirierender, tröstlicher Fetisch gedacht. Mit dieser Kollektion von Statuetten haben wir eine Reihe von kleinen, treuen Gegenübern für die narrativen und bildnerischen Rituale unseres Alltags geschaffen.“*
